**MINUTES OF THE 21st GRANT-IN-AID MEETING HELD ON
26th & 27th FEBRUARY, 2008**

AGENDA

RESOLUTIONS

- | | | |
|---|--|--|
| 1 | To deliberate and decide on the applications received for financial assistance under various GIA Schemes, as appended here in terms of scheme-wise and language-wise tables. | The committee deliberated and recorded its approval for Scheme I - Voluntary Organisations : 9 cases (Recommended), Scheme II - Bulk Purchase - 250 (Recommended.) 64 (Not Recommended), Publication - 34 (Recommended) 8 (Not Recommended) and Little Magazine - 24 (Recommended) |
| 2 | Several books in Kokborak, Gujri and Lamboo languages have been received for bulk purchase. Many more from other smaller languages are likely to be received by the Grant in Aid Section for which we have no panel of experts. Therefore, it is proposed that in such cases, the Director, CIIL may be authorised to consider the books on the basis of the synopsis provided and decide. If need be an external expert's opinion may be taken. | The Director, CIIL be authorized to consider on the basis of write-up available. |
| 3 | The GIA section has been fixing the cost of books in case of publication grant by applying approved cost of estimate plus 60% overhead charges norm. There have been representations from the applicants that this has not been helping in marketing non-commercial and academic works even on 'no profit and no loss' basis, as the non-commercial and academic works take long time to get sold. While we did not receive any specific response from the Govt. of India departments who print and publish non-commercial and academic works, the Prasaraanga, University of Mysore have responded to our request stating that the norm they apply in fixing up the cost of each copy is the actual cost of production multiplied by three times and divided by number of copies produced. Since this is the only official communication we have and the market applies four times the actual cost in such cases, it is proposed that the actual cost of production multiplied by three times and divided by the number of copies norm may be adopted by the GIA scheme to encourage the non-commercial academic works. | The norm of multiplying the actual cost by three times and dividing the product by the number of copies as practised by the Prasaraanga, University of Mysore, is approved for fixing of price of the book published under the financial assistance for publications scheme. It was also decided that hereafter, the financial assistance under this scheme will be provided subject to a royalty of 50 copies for 550 copies and 100 copies in case of 1100 copies. |
| 4 | We have received application from the Editor, 'Karnamrit', 30A, Vivekananda Sarani, Kolkata - 700 078, bi-monthly Little Magazine in Maithili language has made a request for grants of Rs.10,000/- for the 4 th time. The normal practice is to support Little Magazine three times. Since the request is for the assistance is for the forth time, the Committee may kindly delibrate and decide. | 4.1. The request of Karnamrit for grant for fourth time is approved.
4.2. It is also resolved that the Little Magazine can be supplorted with a catagorisation of Rs.10,000/-, Rs.20,000 and Rs.30,000/- depending upon the classification. Classification parameters will be decided by the Director, CIIL. |

The 20th GIA Committee meeting has already approved the 4th time grant for the Little Magazine 'Parikatha'.

4.3. A suggestion was also made to support Little Magazines with subscriptions after a sustenance grant for some period.

: 2 :

- 5 The Boy's Own Library & Young Men's Institute, 2, Boys' Own Library Row, (Goabagan), Kolkata - 700 006 has been catering to the need of knowledge for the visitors of the library in Kolkata since its inception in 1909. This 100 year old Institution has approached CIIL for Maintenance Support in order to survive the acute financial distress they have been put into in recent days. This Institution which has the reputation of being the oldest educational institution needs to be supported with financial assistance under "Maintenance Support" for its survival and sustain its mission of education, culture and organised library movements.
- They have applied for a grant of Rs.65,775/- out of which Rs.20,000/- will be spent on acquisition of books and the rest on office maintenance.
- As the request is for the minimum by all standards, we may accept the request and grant the entire amount. However, as a matter of routine, the GIA regulations allow only a maximum of Rs.30,000/- under the scheme. Therefore, it is presented before the Grant in Aid Committee for relaxation of this regulation and for kind approval of financial assistance to the extent of Rs.65,775/- for the noble cause the century old institution is serving.
- 6 Request of Prof. Sadasiva Deo for publication grant for publishing his manuscript entitled "Gnanabhasha Marathi" pending since 19th GIA meeting.
- The request was considered and it was agreed that the Institute may be granted two grants of Rs.30,000/- each - one for acquisition of books and another for maintenance.
- A request from Sadasiva Deo for publication grant for his manuscript entitled "Gnanabhasha Marathi" is not approved by the Committee because of the discrepancies and anomalies in the manuscript as reported by the expert.
